OSI Systems Security Division Receives Best Innovator Award by the Airport Operators Association

HAWTHORNE, Calif.--(BUSINESS WIRE)-- OSI Systems, Inc. (NASDAQ: OSIS), a vertically-integrated provider of specialized electronics and services, today announced that, its Security division, Rapiscan Systems, was selected as Best Innovator 2011/2012 for the Real Time Tomography (RTT) inspection system by the Airport Operators Association (AOA). The AOA is a trade association that represents the interests of UK airports and engages with the UK Government and regulatory authorities. The award by the AOA Board acknowledges the company's efforts to continue advancing technology to meet the latest screening requirements at UK's airports.

OSI Systems CEO, Deepak Chopra, commented, "The prestigious award from AOA is a tribute to the commitment our team demonstrated in developing the RTT, which provides high-resolution 3-D images at exceptional speeds processing up to 1,800 bags per hour."

About OSI Systems, Inc.

OSI Systems, Inc. is a vertically integrated designer and manufacturer of specialized electronic systems and components for critical applications in the homeland security, healthcare, defense and aerospace industries. We combine more than 30 years of electronics engineering and manufacturing experience with offices and production facilities in more than a dozen countries to implement a strategy of expansion into selective end product markets.
