

OSI Systems Receives \$10 Million Order for RTT® 110 Hold Baggage Screening Systems

Jun 20, 2024

HAWTHORNE, Calif.--(BUSINESS WIRE)--Jun. 20, 2024-- OSI Systems, Inc. (the "Company" or "OSI Systems") (NASDAQ: OSIS) today announced that its Security division received an order for approximately \$10 million to provide multiple units of its RTT® 110 (Real Time Tomography) explosive detection system to screen passengers' hold (checked) baggage at an international airport in Latin America. The Company is also expected to provide ongoing maintenance, service, and support.

OSI Systems' Chairman and CEO, Deepak Chopra, commented, "We are proud to support this airport in enhancing its baggage screening capabilities with our RTT® 110 system. As global airports strive to meet the latest security standards and boost operational efficiency, our dedication to innovation and advanced technology uniquely positions us to address these evolving challenges effectively."

The RTT® employs a proprietary stationary gantry approach to provide high-resolution 3-D imaging. Its unique design allows the efficient inspection of hold baggage and air cargo while maintaining the capability to meet recent threat detection standards employed by various civil aviation authorities worldwide.
