

OSI Systems Receives \$30 Million Order to Provide RF-based Solutions

Jan 8, 2026

HAWTHORNE, Calif.--(BUSINESS WIRE)--Jan. 8, 2026-- [OSI Systems, Inc.](https://www.osi-systems.com) (the "Company" or "OSI Systems") (NASDAQ: OSIS) today announced that its Security division received an international order for approximately \$30 million to deploy advanced radio frequency (RF)-based communication and surveillance systems for naval operations over a multi-year period.

As part of the award, the Company plans to support the integration of the transmission systems and related technologies to upgrade the existing operations to the latest standards for very low frequency (VLF) station architecture.

OSI Systems' President and CEO, Ajay Mehra, commented, "This award underscores our commitment to delivering cutting-edge RF-based solutions that enhance operational readiness and security. We are proud to partner on this critical initiative and support the integration of advanced technologies that strengthen naval communication capabilities."

About OSI Systems

OSI Systems designs and manufactures specialized electronic systems and components for critical applications. The Company operates through three key segments: Security, Optoelectronics and Manufacturing, and Healthcare. Its Security division delivers advanced inspection systems, turnkey screening solutions, and comprehensive support services to protect people and infrastructure. The Optoelectronics and Manufacturing segment serves as a global supplier of high-performance optoelectronic solutions and precision manufacturing services for leading OEMs. The Healthcare segment focuses on patient monitoring, diagnostic cardiology, and related services to enhance clinical care and patient outcomes. Serving over 170 countries, OSI Systems strategically positions its sales, service, R&D, and manufacturing capabilities worldwide to provide fast and efficient delivery and support. Forward-Looking Statements

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements relate to OSI Systems' current expectations, beliefs, and projections concerning matters that are not historical facts. Forward-looking statements are not guarantees of future performance and involve uncertainties, risks, assumptions, and contingencies, many of which are outside OSI Systems' control and which may cause actual results to differ materially from those described in or implied by any forward-looking statements. Undue reliance should not be placed on forward-looking statements, which are based on currently available information and speak only as of the date on which they are made. OSI Systems assumes no obligation to update any forward-looking statement made in this press release that becomes untrue because of subsequent events, new information, or otherwise, except to the extent it is required to do so in connection with its ongoing requirements under Federal securities laws. For a further discussion of factors that could cause OSI Systems' future results to differ materially from any forward-looking statements, see the section entitled "Risk Factors" in OSI Systems' most recently filed Annual Report on Form 10-K and other risks described therein and in documents subsequently filed by OSI Systems from time to time with the Securities and Exchange Commission.
