OSI Systems Introduces Arkon™ Anesthesia Delivery Workstation

HAWTHORNE, Calif.--(BUSINESS WIRE)-- [OSI Systems, Inc.](http://www.osi-systems.com) (NASDAQ: OSIS), a vertically-integrated provider of specialized electronic products for critical applications in the Security and Healthcare industries, today announced that its Healthcare division, Spacelabs Healthcare, received clearance under Section 510(k) from the U.S. Food and Drug Administration to market the Arkon™ high-performance anesthesia delivery system. Building upon Spacelabs' sixty years of experience in designing anesthesia systems and incorporating the latest technology, Arkon™ provides the anesthesiologist with highly accurate and reliable tools to monitor a patient under anesthesia more effectively. Using innovative concepts in industrial design, Arkon's flexible workstation configuration also creates an environment for the anesthesiologist to manage overall workflow in the operating room more efficiently.

"Arkon™ is a culmination of several years of product development where the Spacelabs team embarked on a mission to develop an anesthesia workstation enabling anesthesiologists to achieve the perfect balance between practice and patient, by providing leading technology with a user interface that is intuitive and highly customizable." said Deepak Chopra, OSI Systems CEO.
