OSI Systems Receives \$2 Million in Orders for Electronic Sub-Assemblies from a Renewable Energy Company

HAWTHORNE, Calif.--(BUSINESS WIRE)-- [OSI Systems, Inc.](#) (NASDAQ: OSIS), a vertically-integrated provider of specialized electronic products for critical applications in the Security and Healthcare industries, today announced that OSI Electronics, a business within its Optoelectronic and Manufacturing division, has engaged with a leading renewable energy organization and received orders in excess of \$2 million to supply electronic sub-assemblies. OSI Electronics will utilize its state of the art New Product Introduction (NPI) production line at its operations in Camarillo, CA, where it can provide new product development support, prototyping, and volume manufacturing for an integrated approach during the program life cycle.

OSI Systems Chief Executive Officer, Deepak Chopra stated, "OSI is proud to support this major player in the renewable energy market by providing critical hardware sub-assemblies. We are strategically focused on capturing opportunities with OEM's that are helping the world go green."

About OSI Systems, Inc.
