## **OSI Systems Receives \$5 Million Order for Real Time Tomography (RTT) Security Inspection Systems**

HAWTHORNE, Calif.--(BUSINESS WIRE)-- OSI Systems, Inc. (NASDAQ: OSIS), today announced that its security division, Rapiscan Systems, received an order worth approximately \$5 million to provide multiple units of its Rapiscan Real Time Tomography (RTT) 110 screening system to an international customer.

OSI Systems CEO, Deepak Chopra, stated, "We look forward to providing the RTT to another important aviation customer. The RTT110 is an excellent choice as it is approved to the most demanding European standard for explosives detection."

The RTT110 is designed to provide high resolution scanning and automated threat detection of packages, containers and baggage at rates of up to 1,800 items per hour. The RTT110 has passed the European Union Standard 3 requirement for hold baggage screening under the European Civil Aviation Conference (ECAC) Common Evaluation Protocol (CEP) for Explosive Detection Systems (EDS). Standard 3 is the highest standard for explosives detection performance.

### *About OSI Systems, Inc.*

OSI Systems, Inc. is a vertically integrated designer and manufacturer of specialized electronic systems and components for critical applications. The Company sells its products and services in diversified markets, including homeland security, healthcare, defense and aerospace. The Company has more than 30 years of experience in electronics engineering and manufacturing and maintains offices and production facilities located in more than a dozen countries. It implements a strategy of expansion by leveraging its electronics and contract manufacturing capabilities into selective end product markets through organic growth and acquisitions.
