OSI Systems CEO Appointed to U.S.-Brazil CEO Forum

Forum facilitates the exchange of information and encourages bilateral discussions on trade, industry and investment

HAWTHORNE, Calif.--(BUSINESS WIRE)-- [OSI Systems, Inc.](http://www.osi-systems.com) (NASDAQ:OSIS), a vertically-integrated provider of specialized electronic products for critical applications in the Security and Healthcare industries, today announced that Deepak Chopra, OSI Systems President and CEO, has been appointed to the U.S. Section of the U.S.-Brazil CEO Forum.

Created in 2007, and consisting of both public and private sector members, the U.S.-Brazil CEO Forum is the official U.S. government body that functions as the main discussion group between U.S. and Brazilian business on official U.S. government trade and policy matters.

"I am deeply honored to be selected to participate in the U.S.-Brazil CEO Forum and look forward to joining my colleagues in continuing to strengthen the economic and commercial ties between the United States and Brazil," said Deepak Chopra. "International trade and investment is an integral part of economic growth and I take very seriously this opportunity to, along with the rest of the Forum, provide recommendations to these two governments."

About OSI Systems, Inc.

OSI Systems, Inc. is a vertically integrated designer and manufacturer of specialized electronic systems and components for critical applications in the homeland security, healthcare, defense and aerospace industries. We combine more than 30 years of electronics engineering and manufacturing experience with offices and production facilities in more than a dozen countries to implement a strategy of expansion into selective end product markets.
