Proposal 1—Election of Directors

What am I voting on and how should I vote?

You are being asked to elect six directors at the Annual Meeting. Each of the directors elected at the Annual Meeting will commence their term at the end of the Annual Meeting until the next annual meeting of the Company's stockholders, or until a successor has been elected and qualified, or until such director's earlier resignation or removal.

We believe that each of the nominees is sufficiently qualified to lead the Company in the best interest of stockholders.

Our Board currently consists of seven members. At each annual meeting of stockholders, directors are elected for a term of one year to succeed those directors whose terms expire on the annual meeting date. Mr. Luskin has informed us of his decision to retire from our Board at the end of his current term. Our Board has determined, in accordance with our Bylaws, that upon the end of Mr. Luskin's current term, the size of the Board will be six members.

The six candidates nominated for election as directors at the Annual Meeting are:

- Deepak Chopra
- William F. Ballhaus
- Gerald Chizever
- Ajay Mehra
- Kelli Bernard
- James B. Hawkins

All of our director nominees are currently directors of the Company and, except for Ajay Mehra who was appointed to fill a vacancy after the 2024 annual meeting of stockholders, were previously elected to serve on the Board by our stockholders.

The enclosed Proxy will be voted in favor of these individuals unless other instructions are given. If elected, the nominees will serve as directors until our next annual meeting of stockholders, and until their successors are elected and qualified. If any nominee declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election (although we know of no reason to anticipate that this will occur), the proxies may be voted for such substitute nominees as the Board may designate.

REQUIRED VOTE

Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, for each of the above-named nominees. The election of directors requires a plurality of the votes cast at the Annual Meeting.

Proposal 1 is considered a "non routine" matter and, accordingly, brokerage firms and nominees do not have the authority to vote their clients' unvoted shares on Proposal 1 or to vote their clients' shares if the clients have not furnished voting instructions within a specified period of time prior to the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the outcome of the vote on Proposal 1.

If a quorum is present and voting, the six nominees for directors receiving the highest number of votes will be elected as directors.

The Board of Directors unanimously recommends a vote **FOR** the election each of the director nominees.

RELATIONSHIPS AMONG DIRECTORS OR EXECUTIVE OFFICERS

There are no arrangements or understandings known to us between any of the directors or nominees for director and any other person pursuant to which any such person was or is to be elected a director.

Ajay Mehra, President and Chief Executive Officer, is the first cousin of Deepak Chopra, Executive Chairman of the Board. Other than this relationship, there are no family relationships among our directors or director nominees or Named Executive Officers (as defined in “Compensation of Executive Officers—Summary Compensation Table”).

- (2) Amounts are calculated utilizing the accounting guidance related to stock-based compensation under accounting principles generally accepted in the United States. See Note 9 to the Consolidated Financial Statements included in our Form 10-K for the year ended June 30, 2025 for a discussion of the assumptions used in valuation of stock awards. For the fiscal year ended June 30, 2025, 1,618 RSUs were granted to Dr. Ballhaus; 1,259 RSUs were granted to Ms. Bernard; 1,403 RSUs were granted to Mr. Chizever; 1,439 RSUs were granted to Mr. Hawkins; and 1,511 RSUs were granted to Mr. Luskin, all with a fair value of \$139.02. DIRECTOR SHARE OWNERSHIP REQUIREMENTS

We believe that our directors should hold a significant amount of Company equity to link their long-term economic interests directly to those of our stockholders. Accordingly, we have established requirements that our directors own at minimum equity of the Company valued at five times their annual retainers.

We believe that this multiple constitutes significant amounts for our directors and provides a substantial link between the interests of our directors and those of our stockholders. During such time that a director has not attained the share ownership guideline, such director is required to retain at least 50% of the shares acquired upon exercise of options or vesting RSU awards, net of amounts required to pay taxes and exercise price. We periodically review our minimum equity ownership guidelines. For purposes of meeting the ownership requirements, unvested RSUs are counted, but unearned performance awards and unexercised stock options are not. Each of our directors meets or exceeds our minimum equity ownership guidelines.

Corporate Governance

BOARD ROLE IN RISK OVERSIGHT

Our Board is responsible for our risk oversight. Risks we face include, among others:

- competitive
- economic
- operational
- financial
- accounting
- liquidity
- tax
- legal/regulatory
- foreign country
- safety
- employment
- political
- cybersecurity

Risks are reported to our Board through our executive officers, who are responsible for the identification, assessment, and management of our risks. Our Board regularly discusses the risks reported by our executive officers and reviews with management strategies and actions to mitigate the risks and the status and effectiveness of such strategies and actions.

To optimize its risk oversight capabilities and efficiently oversee our risks, the Board delegates to its committees oversight responsibility for particular areas of risk. For example:

				
AUDIT COMMITTEE	RISK MANAGEMENT COMMITTEE	NOMINATING AND GOVERNANCE COMMITTEE	COMPENSATION COMMITTEE	TECHNOLOGY COMMITTEE
<p>The Audit Committee oversees management of major financial risks, including risks related to:</p> <ul style="list-style-type: none"> ▪ accounting ▪ auditing ▪ financial reporting ▪ maintaining effective internal control over financial reporting 	<p>The Risk Management Committee oversees management of key enterprise risks, including:</p> <ul style="list-style-type: none"> ▪ strategic ▪ operational ▪ legal/regulatory ▪ compliance ▪ cybersecurity ▪ environmental/climate 	<p>The Nominating and Governance Committee oversees risks related to the effectiveness of the Board</p>	<p>The Compensation Committee oversees risks related to our executive compensation policies and practices</p>	<p>The Technology Committee oversees risks related to technology matters</p>

BOARD LEADERSHIP STRUCTURE AND LEAD INDEPENDENT DIRECTOR

Our Executive Chairman of the Board was our former Chief Executive Officer. We believe this structure serves as an effective link between management's role of identifying, assessing and managing risks and the Board's role of risk oversight. Mr. Chopra possesses in-depth knowledge of the issues, opportunities and challenges we face and is thus well positioned to develop agendas and highlight issues that ensure that the Board's time and attention are focused on the most critical matters. In addition, our Board has determined that this leadership structure is optimal because it believes that having Mr. Chopra serve as Executive Chairman provides decisive, consistent and effective leadership, as well as clear accountability. It also enhances our ability to communicate our message and strategy clearly and consistently to our stockholders, employees, and other companies with which we do business. Although we believe that this structure is

CORPORATE GOVERNANCE

appropriate under current circumstances, we will continue to review this issue periodically to determine whether, based on the relevant facts and circumstances, an alternate structure would serve our best interests and the best interests of our stockholders.

The number of independent directors serving on our Board, our independent committees and our Lead Independent Director balance the fact that our Executive Chairman was our former Chief Executive Officer. William Ballhaus is currently our Lead Independent Director and brings to this role considerable skills and experience as described above in “Proposal 1—Election of Directors.” The role of Lead Independent Director is designed to further promote the independence of our Board and appropriate oversight of management and to facilitate free and open discussion and communication among our independent directors.

COMMITMENT TO DIVERSITY

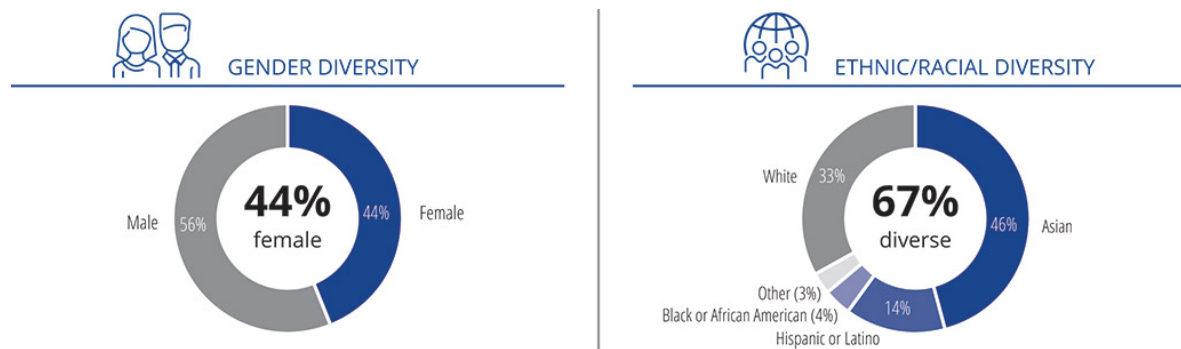

We are focused on creating a diverse and inclusive workforce. We strive to attract and retain top talent, foster an inclusive culture, and embrace diversity. We are also committed to diversity at the Board level. Our Board and Nominating and Governance Committee consider diversity when considering nominations to the Board. The Board’s objective is to have a Board comprised of individuals who by occupation, background, and experience are in a position to make a strong, positive contribution to our Company and our stockholders.

BOARD COMPOSITION (AS OF OCTOBER 22, 2025)

DEMOGRAPHIC INFORMATION OF EMPLOYEE POPULATION

As of September 30, 2025, our employee demographic breakdown was as follows. We have omitted from our calculations those employees who declined to self-identify or for whom no data was provided.

BOARD MEETINGS, INDEPENDENCE AND COMMITTEES OF THE BOARD

There were eight meetings of the Board and the Board acted pursuant to unanimous written consent on one additional occasion during the fiscal year ended June 30, 2025. During fiscal 2025, the Board had a standing Audit Committee, Compensation Committee, Nominating and Governance Committee, Risk Management Committee, and Technology Committee. The members of each committee are appointed by the majority vote of the Board. All persons serving as a director during the fiscal year ended June 30, 2025 attended more than 75% of the aggregate number of meetings held by the Board and all committees on which such director served.

The Board has determined that each of the current directors, except Mr. Chopra and Mr. Mehra, is independent within the meaning of the director independence standards of The NASDAQ Stock Market (the "Listing Standards"), as currently in effect. Furthermore, the Board has determined that each of the members of each of the committees of the Board is independent within the meaning of the SEC rules and regulations and the Listing Standards, as applicable and currently in effect.

The Board Committees act pursuant to written charters adopted by the Board, copies of which are available under the Investor Relations section of our website at:

ANNUAL MEETING ATTENDANCE

We have adopted a formal policy with regard to directors' attendance at annual meetings of stockholders. All members of our Board are strongly encouraged to prepare for, attend and participate in all annual meetings of stockholders. All of our directors attended last year's annual meeting of stockholders.

DIRECTOR NOMINATION PROCESS

The Nominating and Governance Committee will consider director candidates recommended by stockholders. Stockholders who wish to submit names of candidates for election to the Board must do so in writing. The recommendation should be sent to the following address:

OSI Systems, Inc.
Attention: Corporate Secretary
12525 Chadron Avenue
Hawthorne, California 90250

Our Secretary will, in turn, forward the recommendation to the Nominating and Governance Committee. The recommendation should include the following information:

- A statement that the writer is a stockholder and is proposing a candidate for consideration by the Nominating and Governance Committee;
- The name and contact information for the candidate;
- A statement of the candidate's occupation and background, including education and business experience;
- Information regarding each of the factors listed above, sufficient to enable the Nominating and Governance Committee to evaluate the candidate;
- A statement detailing (i) any relationship or understanding between the candidate and our Company, or any customer, supplier, competitor, or affiliate of ours, and (ii) any relationship or understanding between the candidate and the stockholder proposing the candidate for consideration, or any affiliate of such stockholder; and
- A statement that the candidate is willing to be considered for nomination by the Nominating and Governance Committee and willing to serve as a director if nominated and elected.

Stockholders must also comply with all requirements of our Bylaws, a copy of which is available from our Secretary upon written request, with respect to nomination of persons for election to the Board. We may also require any proposed nominee to furnish such other information as we or the Nominating and Governance Committee may reasonably require to determine the eligibility of the nominee to serve as a director. In performing its evaluation and review, the Nominating and Governance Committee generally does not differentiate between candidates proposed by stockholders and other proposed nominees, except that the Nominating and Governance Committee may consider, as one of the factors in its evaluation of stockholder recommended candidates, the size and duration of the interest of the recommending stockholder or stockholder group in the equity of the Company.

There are no stockholder nominations for election to our Board to be voted on at this year's Annual Meeting. Stockholders wishing to submit nominations for next year's annual meeting of stockholders must notify us of their intent to do so on or before the date on which nominations must be received by us in accordance with our Bylaws and the rules and regulations of the SEC. For details see "Stockholder Proposals."

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None of our executive officers has served during the fiscal year ended June 30, 2025 or subsequently as a member of the board of directors or compensation committee of any entity which has one or more executive officers who serve on our Board or the Compensation Committee. During the fiscal year ended June 30,

2025, no member of our Compensation Committee had any relationship or transaction with our Company required to be disclosed pursuant to Item 404 of Regulation S-K.

STOCKHOLDER COMMUNICATIONS

Stockholders interested in communicating directly with the Board, or specified individual directors, may do so by writing our Secretary at the following address:

OSI Systems, Inc.
Attention: Corporate Secretary
12525 Chadron Avenue
Hawthorne, California 90250

Our Secretary will review all such correspondence and will regularly forward to the Board copies of all such correspondence that, in the opinion of our Secretary, deals with the functions of the Board or committees thereof or that he otherwise determines requires their attention. Directors may at any time review a log of all correspondence received that is addressed to members of the Board and request copies of such correspondence. Concerns relating to accounting, internal control or auditing matters will immediately be brought to the attention of the Audit Committee and handled in accordance with procedures established by the Audit Committee with respect to such matters.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In 1994, we, together with Electronics Corporation of India Limited (“ECIL”), an unaffiliated Indian company, formed ECIL-Rapiscan Security Products Limited, a joint venture under the laws of India (“ECIL Rapiscan”). We own a 36% interest in the joint venture, Mr. Mehra owns a 4.5% interest, and Mr. Chopra owns a 10.5% interest. The remaining interest in the joint venture is owned by ECIL. To date, our portion of the earnings of ECIL Rapiscan has been immaterial to our financial results and results of operations.

Mohinder Chopra, who is the brother of Deepak Chopra, our Executive Chairman of the Board, is our Senior Vice President/General Manager India. His total compensation for fiscal year 2025 calculated using the same methodology as used in the Summary Compensation Table was valued at approximately \$430,000.

Gerald Chizever, a member of our Board, was a partner at Loeb & Loeb LLP through December 2024. Loeb & Loeb advises the Company in various matters from time to time. The fees paid by the Company to Loeb & Loeb in each of the past three fiscal years were significantly below the applicable threshold outlined in The NASDAQ Stock Market guidelines for determining director independence. Our Board carefully reviewed the nature of our engagement of Loeb & Loeb and the services rendered, including nominal fees relative to Loeb & Loeb’s annual revenues, the expertise and relevant experience of the firm, the firm’s and specific partners’ knowledge of our Company and our business and past legal engagements, and the fees paid in such engagements, and determined that Mr. Chizever is independent under the standards of The NASDAQ Stock Market.

The Audit Committee of the Board reviews proposed transactions in which the Company and any person who is a member of the Board, a nominee to become a member of the Board, an executive officer of the Company, a holder of more than five percent of our voting securities, or any immediate family member of any of the foregoing would have a direct or indirect material interest in the transaction and the amount involved, when added together with the amounts of all other transactions with that related person for that fiscal year, exceeds \$75,000. The review involves an evaluation, without participation by any member of the Audit Committee with a direct or indirect material interest in the transaction, of whether the transaction would be on terms at least as favorable to us as those that could have been obtained from unaffiliated third parties. This policy is supported by the Charter of the Audit Committee of the Board.

PROPOSAL 2—RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Proposal 2—Ratification of Selection of Independent Registered Public Accounting Firm

What am I voting on and how should I vote?

You are being asked to ratify the appointment of Grant Thornton LLP as the company's independent registered public accounting firm for the year ending June 30, 2026. Although our governing documents do not require us to submit this matter to stockholders, the Board believes that asking stockholders to ratify the appointment of Grant Thornton LLP is consistent with best practices in corporate governance.

We believe that Grant Thornton LLP is sufficiently qualified to conduct their duties as independent auditor.

The Audit Committee has selected Grant Thornton LLP ("Grant Thornton") as our independent registered public accountants for the year ending June 30, 2026 and has further directed that management submit the selection of independent registered public accountants for ratification by our stockholders at the Annual Meeting. Grant Thornton has no financial interest in the Company, and neither it nor any member or employee of the firm has had any connection with the Company in the capacity of promoter, underwriter, voting trustee, director, officer or employee.

In the event that our stockholders fail to ratify the selection of Grant Thornton, the Audit Committee will reconsider whether or not to retain the firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of a different independent accounting firm at any time during the year if they determine that such a change would be in our and our stockholders' best interests.

Representatives of Grant Thornton are expected to be present at the Annual Meeting, and they will have an opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

REQUIRED VOTE

Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, in favor of this proposal. In order to be adopted, this proposal must be approved by the affirmative vote of a majority of the shares of Common Stock present in person or by proxy and cast at the Annual Meeting.

Proposal 2 is considered a "routine" matter and, accordingly, brokerage firms and nominees have the authority to vote their clients' unvoted shares on Proposal 2 as well as to vote their clients' shares if the clients have not furnished voting instructions within a specified period of time prior to the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the outcome of the vote on Proposal 2.

The Board of Directors unanimously recommends a vote **FOR** the ratification of Grant Thornton as our independent registered public accountants for the fiscal year ending June 30, 2026.

AUDIT FEES

The following table represents fees charged for professional audit services rendered by Grant Thornton for the audit of our annual financial statements for the years ended June 30, 2024 and 2025 and fees billed by Grant Thornton for other services during those years (in thousands):

NAME	FY2024 (\$ IN THOUSANDS)	FY2025 (\$ IN THOUSANDS)
Audit fees ⁽¹⁾	1,755	2,065
Audit-related fees ⁽²⁾	—	106
Tax fees ⁽³⁾	—	—
All other fees ⁽⁴⁾	—	—
Total	1,755	2,171

- (1) “Audit fees” consist of fees billed for professional services rendered for the integrated audit of our consolidated financial statements and the review of our interim consolidated financial statements included in quarterly reports and services that are normally provided by Grant Thornton in connection with statutory and regulatory filings or engagements and comfort letters.
- (2) The term “Audit-related fees” means fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements other than audit fees. This includes professional services related to the convertible notes issued in July 2024.
- (3) The term “Tax fees” means fees billed for professional services rendered for tax advice, planning and compliance (domestic and international).
- (4) The term “All other fees” means fees billed for products and services other than for the services described above.

AUDIT COMMITTEE’S PRE-APPROVAL POLICY

The Audit Committee pre-approves all audit, audit-related and tax services (other than prohibited non-audit services) to be provided by the independent public accountants. The Audit Committee has delegated to its Chairman the authority to pre-approve all other services to be provided by the independent public accountants, up to an aggregate of \$50,000 each fiscal year. The Chairman reports each such pre-approval decision to the full Audit Committee at its next scheduled meeting.

INDEPENDENCE

The Audit Committee has considered whether Grant Thornton’s audit of the Company’s annual financial statement and its review of the Company’s quarterly financial statements is compatible with maintaining such independent public accountant’s independence and has determined that it is compatible.

REPORT OF THE AUDIT COMMITTEE

Report of the Audit Committee

The Audit Committee is composed solely of independent directors meeting the applicable requirements of the Nasdaq rules. The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for establishing and maintaining adequate internal control over financial reporting, for preparing the financial statements, and for the reporting process. The Audit Committee members do not serve as professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Company's independent auditors are engaged to audit and report on the conformity of the Company's financial statements to accounting principles generally accepted in the United States and the effectiveness of the Company's internal control over financial reporting.

In this context, the Audit Committee reviewed and discussed with management and the independent auditors the audited financial statements for the fiscal year ended June 30, 2025 (the "Audited Financial Statements"), management's assessment of the effectiveness of the Company's internal control over financial reporting, and the independent auditors' evaluation of the Company's system of internal control over financial reporting. The Audit Committee has discussed with Grant Thornton, the Company's independent auditors, the matters required to be discussed by applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") and the SEC. In addition, the Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the PCAOB regarding the independent auditors' communications with the Audit Committee concerning independence and has discussed with the independent auditors the independent auditors' independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board that the Audited Financial Statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2025, for filing with the SEC.

Proposal 3—Advisory Vote to Approve the Compensation of Our Named Executive Officers

What am I voting on and how should I vote?

We are providing our stockholders an opportunity to indicate whether they approve of our Named Executive Officer compensation as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and narrative discussion in this Proxy Statement. This proposal is required pursuant to Section 14A of the Exchange Act.

Although this vote is advisory and is not binding on the Company, the Compensation Committee of the Board will take into account the outcome of the vote when considering future executive compensation decisions.

We believe that our compensation philosophy and practices are centered on pay-for-performance principles, designed to retain key executives and reward company performance, and strongly aligned with stockholder interests. Accordingly, stockholders are being asked to vote **FOR** the below resolution.

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd Frank Act”) enables our stockholders to vote to approve, on an advisory, non-binding basis, our executive compensation for the fiscal year ended June 30, 2025 as disclosed in the Proxy Statement in accordance with the SEC’s rules, including Section 14A of the Exchange Act. We currently conduct this advisory vote on an annual basis, and the next advisory vote is expected to be conducted at our 2026 Annual Meeting of Stockholders.

SUMMARY

Our Board is committed to excellence in governance and is aware of the significant interest in executive compensation matters by investors and the general public. We are asking our stockholders to provide advisory approval of our executive compensation as such compensation is described in the “Compensation Discussion and Analysis” section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure set forth in the Proxy Statement. We recognize and value the critical role that executive leadership plays in our performance. Our executive compensation philosophy is intended to ensure that executive compensation is aligned with our short- and long-term business strategy, objectives, and stockholder interests. Our executive compensation is designed to attract, motivate, and retain highly qualified executives. We believe that our compensation policies and procedures are centered on pay-for-performance principles and are strongly aligned with the short- and long-term interests of our stockholders.

We urge you to review the “Compensation Discussion and Analysis” section of the Proxy Statement and executive-related compensation tables for more information.

EMPHASIS ON PAY-FOR-PERFORMANCE PRINCIPLES

We believe that executive compensation should be tied to our performance on both a short-term and long-term basis. We believe that our continued success is closely tied to the performance of our executive officers and have designed our compensation practices to reward the executives for their contributions to our overall success.

PROPOSAL 3—ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

ALIGNMENT WITH STOCKHOLDERS' INTERESTS

We grant annual incentives based in part on each executive's contribution to enhancing our short- and long-term profitable growth. We also grant long-term equity-based incentives as a substantial component of the compensation program to reward long-term performance and further align the interests of management with those of our stockholders. In recent years, we have generally used performance based RSUs as our equity incentive vehicle as these awards enable the executives to establish a meaningful equity stake in our Company while allowing them to participate in future value creation through appreciation of the shares. These awards tie the executives' interests to those of long-term stockholders and serve to motivate the executives to lead us to achieve long-term financial goals that are expected to lead to increased stockholder value. In addition to linking compensation value to stockholder value, these awards generally have vesting conditions, which creates a strong retention incentive and helps ensure the continuity of our operations. For fiscal year 2025, except for one time-based RSU grant to Mr. Mansouri because of his impending retirement, 100% of the long-term equity incentives granted to our Named Executive Officers consisted of performance based RSUs subject to performance vesting based on the compound annual growth rate of revenue and operating income.

LONG-TERM PERFORMANCE

To promote our philosophy of pay-for-performance and furthering our objective of aligning the interests of management with those of our stockholders, we have established performance programs for certain of our executive officers. These programs focus on the achievement of our long-term financial goals and factors that create long-term stockholder value. By establishing performance targets tied to key corporate financial metrics, we are incentivizing our officers to achieve our long-term corporate objectives and ultimately increase stockholder value.

HIGHLIGHTS OF FISCAL 2025 EXECUTIVE COMPENSATION PROGRAM

The Board believes our executive compensation program is designed appropriately and that a vote in favor of the proposal is warranted, including for these reasons:

<p>1</p> <p>Except for one grant to a retiring NEO, 100% of Named Executive Officer equity awards for fiscal 2025 were performance-based and tied to measurable pre-established targets.</p>	<p>2</p> <p>In light of recent strong performance, we increased our target for our annual incentive program over both the prior year's target and the prior year's actual performance.</p>	<p>3</p> <p>We are committed to having strong governance standards and continue to take steps to further this commitment.</p>	<p>4</p> <p>We value the opinions and feedback we receive from, and we continue to engage with, our stockholders, and our executive compensation program directly reflects our stockholders' input.</p>
---	---	--	--

1. Performance-Based Equity Awards for Named Executive Officers

Except for one grant to a retiring NEO, 100% of the equity grants made to our Named Executive Officers during fiscal 2025 were performance-based and tied to pre-established targets. Our 2025 performance-based program established revenue and operating income targets which require significant annual growth as compared to baseline measurement levels. The revenue metric is weighted at 20%, and the operating income metric is weighted at 80%.

PROPOSAL 3—ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

For the performance period ended June 30, 2025, compound annual revenue growth as compared to the baseline measurement level was 7.49%, and compound annual operating income growth as compared to the baseline measurement level was 17.47%. As a result, Mr. Mehra earned 5,812 shares in accordance with the program, and Mr. Chopra earned 55,631 shares in accordance with the program.

2. Increased Targets for Annual Incentive Program

For fiscal year 2025, in light of recent strong performance, we increased our target goals over the prior year's performance as set forth in the section titled "*Executive Compensation Program Elements—Annual Incentive Awards.*"

3. Commitment to Corporate Governance and Best Practices

We are committed to having strong governance standards with respect to our compensation programs, procedures, and practices.

We have taken the following actions to enhance our corporate governance and executive compensation policies:

- ✓ **Engaged with stockholders and incorporated stockholder feedback** when establishing our executive compensation programs to address specific stockholder feedback.
- ✓ **Appointed a Lead Independent Director** to further promote the independence of our Board and appropriate oversight of management and to facilitate free and open discussion and communication among our independent directors.
- ✓ **Prohibited hedging and pledging of our stock** by executive officers and directors. As of the date of the Proxy Statement, no shares of our stock are pledged by any Named Executive Officer or director.
- ✓ **Adopted a robust clawback policy consistent with SEC requirements and the Listing Standards** that provides that if an accounting restatement is required due to material non-compliance with any financial reporting requirements, then we will seek to recover any incentive-based compensation received by any of our current or former executive officers over the prior three completed fiscal years preceding the date that the restatement is required to the extent such compensation exceeds the amount of incentive-based compensation that would have been paid based on the restated financial reporting measure, regardless of whether or not the current or former executive officer was at fault in the circumstances leading to the restatement. We have also included clawback provisions in each Named Executive Officer's employment agreement.
- ✓ **Established rigorous Company stock ownership guidelines** requiring each executive officer to own Company stock valued at least at five times his annual base salary. These guidelines align the executives' long-term interests with those of our stockholders. In addition, prior to attaining the 5X share ownership guideline, each executive is required to retain at least 50% of the shares acquired upon exercise of options or vesting of RSU awards, net of amounts required to pay taxes and exercise price. For purposes of meeting the ownership requirements, unvested RSUs are counted, but unearned performance awards and unexercised stock options are not.

4. Communications with Stockholders

We maintain open lines of communication with our stockholders, and our annual cash incentive and long-term incentive programs reflect the stockholder input we received.

Our Compensation Committee takes very seriously stockholder feedback with respect to executive compensation. At our 2024 annual meeting, approximately 64% of the votes cast on the advisory vote on the compensation of our Named Executive Officers were in favor of our executive compensation. We believe this vote was highly influenced by the inflated Total Compensation figure awarded to our prior CEO, Mr. Chopra, in 2024, which included a \$13.5 million stay bonus. Given the majority level of support of our

PROPOSAL 3—ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

stockholders of our compensation program notwithstanding this outlier compensation figure, our Compensation Committee determined to continue to apply the same approach with respect to compensation policies and decisions for fiscal 2025.

Our Board believes that the information above as well as that provided in the section entitled “Executive Compensation” contained in the Proxy Statement demonstrates that our executive compensation program was designed appropriately and is working to ensure that management’s interests are aligned with the stockholders’ interests and support long-term value creation.

The following resolution will be submitted for a stockholder vote at the Annual Meeting:

“**RESOLVED**, that the stockholders of OSI Systems, Inc. approve, on an advisory basis, the compensation of the Company’s Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K of the SEC, including in the section entitled “Compensation Discussion and Analysis,” the accompanying compensation tables, and the related narrative disclosure contained in the Proxy Statement.”

REQUIRED VOTE

Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, in favor of this proposal. In order to be approved on an advisory basis, this proposal must be approved by the affirmative vote of a majority of the shares of Common Stock present in person or by proxy and cast at the Annual Meeting.

Proposal 3 is considered a “non-routine” matter and, accordingly, brokerage firms and nominees do not have the authority to vote their clients’ unvoted shares on Proposal 3 or to vote their clients’ shares if the clients have not furnished voting instructions within a specified period of time prior to the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the outcome of the vote on Proposal 3.

The Board of Directors unanimously recommends a vote **FOR the approval, on a non-binding advisory basis, of our Named Executive Officer compensation for the fiscal year ended June 30, 2025.**

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes our compensation philosophy, objectives and processes, including the methodology for determining executive compensation for our Named Executive Officers. For additional information, please refer to the more detailed compensation disclosures beginning with and following the “Summary Compensation Table” contained in this Proxy Statement.

ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION AND STOCKHOLDER COMMUNICATIONS

We maintain open lines of communication with our stockholders, and senior management routinely interacts with our stockholders on a number of matters, including executive compensation, in order to better understand their opinions and to obtain their feedback. Further, the Compensation Committee considers the outcome of our annual say on pay vote when making decisions regarding our executive compensation program. At our 2024 annual meeting, 64% of the votes cast on the advisory vote on the compensation of our Named Executive Officers were in favor of our executive compensation policies. We believe this vote was highly influenced by the inflated Total Compensation figure awarded to our prior CEO, Mr. Chopra, in 2024, which included a \$13.5 million stay bonus. Given the majority level of support of our stockholders of our compensation program notwithstanding this outlier compensation figure, our Compensation Committee determined to continue to apply the same approach with respect to compensation policies and decisions for fiscal 2025.

At the upcoming Annual Meeting, we will again hold an annual advisory vote to approve executive compensation. We will continue to engage with our stockholders throughout the year, and the Compensation Committee will consider the results from this year’s and future advisory votes on executive compensation, as well as any feedback received from stockholders.

GOVERNANCE HIGHLIGHTS

We are committed to having strong governance practices with respect to our compensation programs, practices and procedures. We believe that these practices reinforce our emphasis on tying executive compensation to performance. The following table highlights some of our governance practices with respect to executive compensation:

WHAT WE DO	WHAT WE DO NOT DO
<ul style="list-style-type: none"> ✓ Except in certain limited circumstances, use 100% performance-based vesting for Named Executive Officer equity awards ✓ Have formulaic performance-based annual incentives ✓ Maintain a robust clawback policy consistent with SEC requirements and the Listing Standards ✓ Maintain share ownership and retention guidelines for executives and directors ✓ Conduct an annual say on pay vote ✓ Maintain open lines of communication with stockholders ✓ Maintain a comprehensive insider trading policy designed to promote compliance with insider trading laws, rules, and regulations and the Listing Standards 	<ul style="list-style-type: none"> ✗ No excise tax gross-ups upon a change in control ✗ No hedging, pledging, or speculative transactions are permitted by executives and directors ✗ No re-pricing of underwater stock options ✗ No stock option grants with an exercise price less than fair market value ✗ No “single trigger” severance payments owing solely on account of the occurrence of a change in control event

EXECUTIVE COMPENSATION

EXECUTIVE COMPENSATION SUMMARY

Fiscal 2025 Performance

During fiscal 2025, we performed well, delivering excellent financial and operational results. We continued to deliver on commitments to our customers and partners while ensuring the continued safety of our employees. Highlights include:

- Delivered record revenues;
- Delivered record adjusted earnings per share;
- Achieved strong bookings and concluded the year with a record year-end backlog;
- Expanded our operating margin;
- Strong total shareholder return (“TSR”); and
- Completed two strategic acquisitions.

Leverage Business Infrastructure

Even as we launched new products, entered new markets, and invested substantial amounts in R&D, we actively leveraged our business infrastructure and maintained intelligent cost management.

Growth in Markets and Opportunities

In fiscal 2025, we continued to expand our addressable markets through new product introductions and targeting markets that did not previously represent a significant source of revenues. This dynamic approach has served, and we believe it will continue to serve, to sustain growth over the long term. Some of our key achievements during fiscal 2025 included the following:

Expanded our capabilities in engineering and manufacturing services for national security applications by acquiring a business providing radio frequency (RF) communication and detection products and related services.

Progressed significantly in our R&D programs for the development of new products and technologies.

Building a Foundation for the Future

We continue to make significant targeted investments in R&D and acquisitions. In fiscal 2025, we completed two strategic acquisitions in our Security division. We believe that these types of acquisitions and investments, as well as other product development programs that are currently underway, will result in enhanced business outcomes for years to come.

ROLE OF THE COMPENSATION COMMITTEE

Our Board appoints members to the Compensation Committee. Each member of the Compensation Committee is independent within the meaning of the rules and regulations of the SEC and the Listing Standards, as currently in effect. The Compensation Committee is responsible for establishing and approving all compensation for our Named Executive Officers, including base salaries, annual incentives, long-term

equity incentive compensation, benefits and perquisites, and other compensation. The Compensation Committee may delegate certain of its responsibilities to a subcommittee, to individuals or to others.

Compensation for each of our Named Executive Officers (other than our Chief Executive Officer) is recommended to the Compensation Committee by our Chief Executive Officer. Compensation for our Chief Executive Officer is established by the Compensation Committee on its own.

The Compensation Committee has designed an executive compensation program that is focused on the attainment of consistent, long-term stockholder returns through:

- aligning executive incentives with both single-year and multi-year performance

- attracting and retaining executives with capabilities to lead the Company to excel in a competitive landscape

This structure is designed to emphasize pay for performance while simultaneously mitigating risk exposure.

EXECUTIVE COMPENSATION PROGRAM ELEMENTS

The particular elements of the compensation program for our Named Executive Officers consist of both fixed compensation and variable compensation. Consistent with our pay-for-performance philosophy, we structure our compensation program such that fixed compensation is a relatively small percentage of total compensation whereas variable compensation comprises a significant percentage of total compensation. The Compensation Committee takes risk into account when establishing the compensation program and believes that the current structure appropriately balances risk and the desire to focus executives on specific annual and long-term goals while not encouraging unnecessary or excessive risk taking.

The following is an overview of the elements of our compensation and benefits programs for fiscal 2025:

	PAY ELEMENT	DESCRIPTION
FIXED ▼	Short-Term BASE SALARY	Fixed cash compensation set based on the duties and scope of responsibilities of each executive officer's position and the experience the individual brings to the position.
	ANNUAL INCENTIVES	Cash-based annual incentives that are determined formulaically for our corporate Named Executive Officers.
AT-RISK ▼	Long-Term LONG-TERM INCENTIVES	The fiscal 2025 program with respect to the Named Executive Officers, with the exception of one retiring officer, consisted of performance based RSUs, which are earned based on the achievement of pre-established revenue and operating income metrics for each of the three years following grant, as well as an aggregate three-year metric.
OTHER ▼	BENEFITS	Employee Stock Purchase Plan, medical, dental, and vision health insurance plans and life and long-term disability insurance.
	PERQUISITES	Company car for certain Named Executive Officers.
	RETIREMENT	401(k) retirement plan, which includes a Company match. Nonqualified deferred compensation plan that permits the deferral of salary and cash incentives at executive officers' election and permits a Company match. Nonqualified defined benefit plan, in which our CEO is the only participant.

In fiscal 2025, fixed compensation (relative to total direct compensation) comprised approximately 10% to 62% and variable compensation comprised approximately 38% to 90% of each Named Executive Officer's total compensation. Average variable compensation for the Named Executive Officers represented 83% of total direct compensation (salary, cash incentives, and long-term incentives).

OSI SYSTEMS, INC.

EXECUTIVE COMPENSATION

Fixed Compensation

Fixed compensation is intended to compensate our Named Executive Officers for their ongoing responsibilities and consists of base salary. Base salary is set to attract and retain executive talent. Base salaries for our Named Executive Officers are established at levels considered appropriate in light of the duties and scope of responsibilities of each executive officer's position and the experience the individual brings to the position. Salaries are reviewed periodically, typically on an annual basis.

The Compensation Committee takes a conservative approach with respect to base salary increases. In determining whether base salary levels for fiscal year 2025 were appropriate, the Compensation Committee considered the minimum base salary amount provided for in the Named Executive Officer's employment agreement (if applicable), as well as a determination of each Named Executive Officer's responsibilities, past performance, expected future contributions, as well as changes in positions during the fiscal year. During fiscal year 2025, effective December 31, 2024, Mr. Chopra retired from his position as President and Chief Executive Officer and was succeeded by Mr. Mehra. Therefore, Mr. Mehra's employment agreement was amended, and his base salary was increased, and Mr. Chopra's salary was decreased commensurate with their new positions.

	FISCAL 2024 BASE SALARY (\$)	FISCAL 2025 BASE SALARY (\$)	% CHANGE
Ajay Mehra	492,340	621,448	26%
Deepak Chopra	1,034,800	664,392	-36%
Alan Edrick	519,120	534,095	3%
Victor S. Sze	448,050	460,974	3%
Manoocher Mansouri	328,570	334,469	2%
Paul Morben	324,068	330,302	2%

Variable Compensation

Variable compensation provides our Named Executive Officers with the opportunity for substantial rewards for achieving successful performance and contributing toward sustainable and consistent stockholder returns and consists principally of annual incentive awards and long-term incentive compensation.

Annual Incentive Awards

For fiscal year 2025, all corporate Named Executive Officers (CEO, CFO and General Counsel) were eligible for an annual cash incentive pursuant to our annual incentive program. Annual incentives under this program are designed to focus our participating Named Executive Officers on annual operating achievement and near-term success. For 2025, the target and maximum annual incentives as a percentage of salary for the corporate NEOs were as follows:

	TARGET INCENTIVE (AS A % OF BASE SALARY)	MAXIMUM INCENTIVE (AS A % OF BASE SALARY)
Ajay Mehra	100%	200%
Deepak Chopra	100%	200%
Alan Edrick	100%	150%
Victor S. Sze	100%	135%

Annual incentives are calculated based on a formula tied to adjusted return on equity (“AROE”) metrics. After consideration of the strategic business plan, goals were increased from the prior fiscal year from a target performance goal of 23.35% AROE to a target performance goal of 24.35% AROE. Threshold and maximum performance goals were also increased in fiscal year 2025, as follows:

ADJUSTED RETURN ON EQUITY (AROE)	% OF BASE SALARY EARNED
<18.0%	0%
19.0%	25%
20.5%	50%
21.5%	75%
24.35%	100%
24.5%	135%
24.75%	150%
25.0%	175%
≥25.25%	200%

The Compensation Committee considers AROE to be an effective annual performance measure for assessing the Company’s efficient use of capital and return to stockholders. The AROE targets were designed to be challenging yet achievable with significant effort and management skill and were established in order to provide the executives sufficient incentive to create long-term stockholder value while at the same time ensuring appropriate risk management. For fiscal 2025, we achieved 25.31% AROE. See the “Non-equity Incentive Plan Compensation” column of the Summary Compensation Table.

Mr. Mansouri, Chief Technology Officer of our Optoelectronics and Manufacturing division was eligible to receive a bonus based upon the performance of the Optoelectronics and Manufacturing division. For fiscal year 2025, Mr. Mansouri was awarded a cash bonus of \$105,000, which is set forth in the “Bonus” column of the Summary Compensation Table.

Mr. Morben, President of our Optoelectronics and Manufacturing division was eligible to receive a bonus based upon the performance of the Optoelectronics and Manufacturing division. For fiscal year 2025, Mr. Morben was awarded a cash bonus of \$83,214, which is set forth in the “Bonus” column of the Summary Compensation Table.

Long-Term Incentive Program

In order to further promote our philosophy of pay-for-performance and furthering our objective of aligning our executive compensation with our long-term financial goals and factors that create long-term stockholder value as well as incentivizing the desired individual performance of each Named Executive Officer, we have a long-term incentive program.

Except for one time-based RSU grant to Mr. Mansouri because of his impending retirement, the grants to our Named Executive Officers during fiscal 2025 were performance-based in their entirety. The Compensation Committee believes that this vesting structure provides an incentive for our Named Executive Officers to remain with the Company and also focus the Named Executive Officers on consistently achieving corporate performance and business objectives for the benefit of our stockholders.

OSI SYSTEMS, INC.

EXECUTIVE COMPENSATION

Our overall long-term incentive program is designed to retain our Named Executive Officers and to align the interests of our Named Executive Officers with the long-term interests of our stockholders, namely the achievement of sustainable, long-term stock price appreciation. All equity awards are made at fair market value on the date of grant (which is the date on which the Compensation Committee authorizes the grant). Under our equity incentive plan as in effect on the date of grant, fair market value is determined by the closing price of our Common Stock on such dates.

The Compensation Committee has established a three-year program for long-term performance-based incentive grants to our Named Executive Officers. The program provides for yearly initial grants of RSUs. Each award is 100% performance based and vests based on the level of performance achieved for the following metrics: compound annual revenue growth and compound annual operating income growth.

The Compensation Committee considers compound annual growth revenue and operating income metrics to be effective long-term performance measures for assessing the Company's performance over multiple years. The targets are designed to be challenging yet achievable with significant effort and management skill, incentivizing management to create long-term stockholder value while at the same time ensuring appropriate risk management. Revenue and operating income figures are as reported in accordance with GAAP in our annual report on Form 10-K. Compound annual growth rate is measured as compared to our fiscal year 2023 as-reported figures. As described below, the majority of the shares that can be earned under this program is based upon three-year performance, while additional shares can be earned based upon year one and year two performance.

Each initial grant would vest based upon the performance levels achieved for a three-year performance period for each metric based on the charts set forth below, which show the applicable metrics, weightings and potential vesting percentage based upon performance level achieved.

In the event of a change of control, the initial grant would vest upon the change of control; performance for any annual periods remaining in association with a particular grant will be assumed to be achieved at the maximum payout levels for the purposes of awarding additional incentive shares or units in connection with the change of control.

Our compound annual revenue growth for fiscal year 2025 was 7.49% and 15.76%, respectively, against the applicable baselines for each grant, and our compound annual operating income growth for fiscal year 2025 was 17.47% and 24.91%, respectively, against the applicable baselines for each grant. Therefore, our executive officers earned additional shares as follows: Mr. Mehra, 15,362 shares; Mr. Chopra: 82,845 shares; Mr. Edrick, 28,345 shares; Mr. Sze, 22,449 shares; Mr. Mansouri, 991 shares; and Mr. Morben, 1,270 shares.

The Compensation Committee determines, after consultation with our Chief Executive Officer, the target number of equity awards to grant to our Named Executive Officers. The grant amounts for our Chief Executive Officer are determined solely by the Compensation Committee. The Compensation Committee considers individual performance, including the following quantitative and qualitative factors, as well as overall corporate performance.

EXECUTIVE COMPENSATION

INDIVIDUAL AND CORPORATE PERFORMANCE FACTORS

QUALITATIVE FACTORS	▪ Quality of the management of units or functions managed by the Named Executive Officer
	▪ Leadership of personnel under the Named Executive Officer's management
	▪ Execution of strategically important projects
	▪ Overall effectiveness of units or functions managed by the Named Executive Officer
	▪ Contributions to the formulation of Company strategy and tactics
	▪ Contributions to stockholder value
	▪ Management of risk
QUANTITATIVE FACTORS	▪ Financial performance (including earnings per share and internal metrics)
	▪ Financial performance metrics for business units managed by the Named Executive Officer
	▪ Compensation surveys provided by external advisors

For fiscal year 2025 performance share calculation purposes, our Chief Executive Officers, Chief Financial Officer, and General Counsel, were measured against consolidated Company performance, and the President of our Optoelectronics and Manufacturing division and the Chief Technology Officer of our Optoelectronics and Manufacturing division had their performance results weighted 70% based on division performance and 30% based on consolidated Company performance.

Benefits and Perquisites

Benefits and perquisites are designed to attract and retain key employees. Currently, our Named Executive Officers are eligible to participate in benefit plans available to all employees, including our:

- 401(k) Plan,
- Employee Stock Purchase Plan,
- medical, dental, and vision health insurance plans, and
- life and long-term disability insurance plans.

The 401(k) Plan, Employee Stock Purchase Plan and the medical, dental and vision plans require each participant to pay a contributory amount. We have elected to pay amounts contributed to medical, dental and vision health insurance plans and life and long-term disability insurance plans on behalf of our Named Executive Officers. In addition, we maintain an executive medical reimbursement plan under which our Named Executive Officers receive reimbursement for out-of-pocket expenses not covered by their health insurance plans. Employee individual plan contributions are subject to the maximum contribution allowed by the Internal Revenue Code. We lease automobiles for or provide an auto allowance to certain of our Named Executive Officers.

We maintain a Nonqualified Deferred Compensation Plan (the "Deferred Compensation Plan") that is unfunded for federal tax purposes and allows certain of our Named Executive Officers and a select group of other managers or highly compensated employees (as designated by the Compensation Committee) to defer a specified percentage of certain compensation, including salary, bonuses and commissions. Distributions may be made in a lump sum (or in installments if elected in accordance with the terms of the Deferred Compensation Plan) upon termination of employment, disability, a specified withdrawal date or death. Additional information about this plan is summarized below under the heading "Nonqualified Deferred Compensation."

We also maintain a Nonqualified Defined Benefit Plan (the "Defined Benefit Plan") that is unfunded for federal tax purposes and that constitutes an unsecured promise by the Company to make payments to participants in the future following their retirement, termination in connection with a change in control of the Company, or their death or disability. Under the terms of the Defined Benefit Plan, a committee designated by the Board may select participants from among our Named Executive Officers and a select group of managers or other highly compensated employees. Currently, Mr. Chopra is the only participant in this plan. Additional information about this plan is summarized below under the heading "Pension Benefits."

Total Compensation Mix

While the Compensation Committee does not apply a predetermined or mathematical weighting to determine the fixed and variable elements of compensation, the Compensation Committee believes that the elements described above provide a well-proportioned mix of equity based, at risk or performance-based compensation, and retention-based compensation that produces short-term and long-term incentives and rewards. We believe this compensation mix provides our Named Executive Officers a measure of security as to the minimum levels of compensation that they are eligible to receive, while motivating the Named Executive Officers to focus on the business measures that will produce a high level of corporate performance, as well as reducing the risk of recruitment of highly qualified executive talent by our competitors. The mix of annual incentives and the equity-based awards likewise provides an appropriate balance between short-term financial performance and long-term financial and stock performance. We believe that this compensation mix results in a pay-for-performance orientation that is aligned with our compensation philosophy, which takes into account individual, group and Company performance.

BASES FOR OUR COMPENSATION POLICIES AND DECISIONS

In determining target compensation opportunities for our Named Executive Officers for fiscal 2025, the Compensation Committee performed a review of both overall and relative individual Named Executive Officer and corporate performance based on the qualitative and quantitative factors described in the table below. The factors considered did not have any predetermined or mathematical weighting; rather, the Compensation Committee considered the overall performance of each executive, considering the factors, and including consideration of unplanned events and issues emerging during the fiscal year. Each factor was evaluated and taken into consideration in the Compensation Committee's overall determination of each Named Executive Officer's total compensation package, including both the amount of compensation as well as allocation of such compensation between short-term and long-term components.

INDIVIDUAL AND CORPORATE PERFORMANCE FACTORS

QUALITATIVE FACTORS	▪ Furtherance of long-term goals
	▪ Individual performance and experience
	▪ Demonstration of leadership skills and ability
	▪ Achievement of strategic targets
	▪ Management of unplanned events and issues emerging during the fiscal year
QUANTITATIVE FACTORS	▪ Compensation paid in prior years
	▪ Financial performance of Company/division/business unit
	▪ Peer group compensation and performance data
	▪ Compensation surveys provided by external advisors

The Compensation Committee's review included evaluating the compensation of the Named Executive Officers in light of information regarding the compensation practices and corporate financial performance of other companies. In making its determinations, the Compensation Committee reviewed information summarizing the compensation paid at peer group companies and more broad-based compensation surveys. The peer companies were developed based on similarity in size and operations within the industries in which we operate as follows:

EXECUTIVE COMPENSATION

PEER GROUP ⁽¹⁾		
▪ AAR Corp.	▪ IPG Photonics Corporation	▪ Netgear, Inc.
▪ Avanos Medical, Inc.	▪ Itron, Inc.	▪ NetScout Systems, Inc.
▪ Cognex Corporation	▪ Knowles Corp.	▪ Novanta Inc.
▪ Enovis Corporation	▪ Kratos Defense & Security Solutions, Inc.	▪ Varex Imaging Corp.
▪ Extreme Networks, Inc.	▪ Lumentum Holdings Inc.	▪ Viasat, Inc.
▪ F5, Inc.	▪ Masimo Corporation	▪ Viavi Solutions Inc.
▪ Haemonetics Corporation	▪ Methode Electronics, Inc.	▪ Vishay Intertechnology, Inc.
▪ Hexcel Corporation		

(1) Prior peers Infinera Corporation and Kaman Corporation are no longer publicly-held.

The peer companies were selected based on a set of established criteria intended to select companies that are:

- similar in size,
- operate in similar end markets, proportional to our principal lines of business, and
- compete with us for executive talent.

Companies were selected from the following industries, based on a range of comparable financial metrics:

- aerospace and defense,
- communications equipment,
- electronic equipment instruments, and components, and
- healthcare equipment and supplies industries.

The Compensation Committee has engaged independent compensation consulting firm, Pearl Meyer, to provide advisory services on executive compensation matters. The Compensation Committee also considered compensation levels and practices for executives holding comparable positions. This review further assisted the Compensation Committee in determining the appropriate level and mix of compensation for each Named Executive Officer. In connection with its review, the Compensation Committee also considered that certain Named Executive Officers were located in the high cost of living area in the geographic location of our Company headquarters.

While the Compensation Committee did not engage in formal benchmarking with pre-established targets, the Compensation Committee reviewed our actual performance taken as a whole, as well as our performance relative to our peer group and established compensation levels at the competitive level that it believed most appropriately corresponded to our comparative performance.

The Compensation Committee believes that the fixed component of compensation is designed to compensate each Named Executive Officer based on the duties and scope of responsibilities of his position and the experience he brings to the position. Consistent with the Company's pay-for-performance philosophy, the variable component of compensation, in the form of annual incentives and performance-based equity grants comprised a significant portion of total compensation.

The Compensation Committee's compensation decisions are designed to encourage performance that enhances long-term stockholder value. The Compensation Committee believes that attracting and retaining executive talent capable of achieving our long-term, strategic objectives is the best way to align executive compensation decisions with the interests of stockholders. The Compensation Committee also believes that meeting financial targets as well as near-term strategic goals demonstrates whether an executive is on track to accomplish longer-term objectives.

COMPENSATION POLICIES AND PRACTICES

Minimum Equity Ownership and Retention Guidelines

We believe that our executive officers should hold a significant amount of Company equity to link their long-term economic interests directly to those of our stockholders. Accordingly, we have established requirements that executive officers own at minimum equity of the Company valued at five times their respective annual base salaries.

We believe that this multiple constitutes significant amounts for our executive officers and provides a substantial link between the interests of our executive officers and those of our stockholders. Executive officers have five years from the date of appointment to attain such ownership levels. During such time that an executive officer has not attained the share ownership guideline, such officer is required to retain at least 50% of the shares acquired upon exercise of options or vesting of RSUs, net of amounts required to pay taxes and exercise price. We periodically review our minimum equity ownership guidelines. For purposes of meeting the ownership requirements, unvested RSUs are counted, but unearned performance awards and unexercised stock options are not. Each of our Named Executive Officers meets or exceeds our minimum equity ownership guidelines.

Clawback Policy

In October 2023, we adopted a clawback policy consistent with SEC requirements and the Listing Standards. The policy provides that if an accounting restatement is required due to material non-compliance with any financial reporting requirements, then we will seek to recover any incentive-based compensation received by any of our current or former executive officers over the prior three completed fiscal years preceding the date that the restatement is required to the extent such compensation exceeds the amount of incentive-based compensation that would have been paid based on the restated financial reporting measure, regardless of whether or not the current or former executive officer was at fault in the circumstances leading to the restatement. Each Named Executive Officer's employment agreement also contains a clawback provision.

Policy Prohibiting the Hedging or Pledging of Company Stock

We have adopted a policy that prohibits our employees and directors from entering into any transaction that is designed to hedge or offset any decrease in the market value of our Common Stock or other equity securities. Our Board has determined that transactions in mutual funds or other similar type investment vehicles that contain less than 50% Company stock at the time of an employee's or director's initial investment is not considered a hedge for purposes of our policy. We have also adopted a policy that prohibits our executive officers and directors from holding Company stock or other equity securities in margin accounts or pledging Company stock or other equity securities as collateral for a loan. As of the date of this Proxy Statement, no shares of Company stock are pledged by any Named Executive Officer or director.

Policies and Practices Related to the Grant of Certain Equity Awards

Our practice is generally to not grant stock options in anticipation of the release of material nonpublic information and not time the public release of such information based on stock option grant dates. These restrictions do not apply to RSUs or other types of equity awards that do not include an exercise price related to the market price of our common stock on the date of grant. In fiscal 2025, we did not grant new awards of stock options, stock appreciation rights, or similar option-like instruments to our Named Executive Officers.

EXECUTIVE COMPENSATION

EMPLOYMENT AGREEMENTS

We have entered into employment agreements with Messrs. Mehra, Edrick, and Sze. The terms of each of such agreements or arrangements are summarized below under the heading “Employment Agreements.” These types of arrangements are used to retain executives and formalize the terms of the executives’ employment. Mr. Chopra’s employment agreement expired by its terms on January 1, 2024, and Mr. Chopra does not currently have an employment agreement with the Company. Mr. Mansouri’s employment agreement expired by its terms on January 1, 2025, and Mr. Mansouri does not currently have an employment agreement with the Company.

TAX CONSIDERATIONS

Section 162(m) of the Internal Revenue Code generally places a \$1 million limit on the amount of compensation a publicly held company can deduct in any tax year on compensation paid to “covered employees.” The Compensation Committee will award compensation that it determines to be consistent with the goals of our executive compensation program even if such compensation is not tax deductible.

EXECUTIVE COMPENSATION

With respect to the annual total compensation of our Chief Executive Officers, we used the amount reported in the “Total” column of the Summary Compensation Table above. We identified the median employee by reviewing the fiscal year 2025 annual base pay for all individuals, excluding our Chief Executive Officers, who were employed by us on June 30, 2025. We included all employees globally, including for example Indonesia, India, Malaysia, Mexico, and Guatemala, among others, without regard to location, whether employed on a full-time, part-time, or seasonal basis. We did not make any assumptions, adjustments or estimates with respect to compensation other than annualizing the compensation for any full-time employees that were not employed by us for all of fiscal 2025. Using this methodology, we determined that the median employee was a full-time salaried employee located in Malaysia. A significant percentage of our employees are located in countries where the cost of living and wages are substantially lower than in the United States. Compensation rates are set to be market-competitive in the country in which the jobs are performed. Accordingly, the resulting CEO to median employee pay ratios are substantially higher than they would have been if the cost of living and wages in those countries were comparable to the United States.

These pay ratios are reasonable estimates calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. Therefore, the pay ratio reported by other companies may not be comparable to the pay ratios reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

The following charts reflect the compensation actually paid to our Chief Executive Officers and the average compensation actually paid to the non-CEO NEOs, respectively, as computed in accordance with Item 402(v) of Regulation S-K, and their relation to (i) our TSR, (ii) our net income and (iii) our operating income, in each case for 2021, 2022, 2023, 2024, and 2025. We also show below the relationship between our TSR and the TSR of our peer group over this period.

EXECUTIVE COMPENSATION

COMPENSATION ACTUALLY PAID VS. TSR

COMPENSATION ACTUALLY PAID VS. NET INCOME

We do not consider net income to be one of our most important financial performance measures and, accordingly, it is not utilized in our compensation programs. We believe there is limited relationship, if any, between compensation actually paid and net income. Net income in fiscal year 2022 included a \$27.4 million pre-tax gain on sale of a property in a sale-leaseback transaction.

COMPENSATION ACTUALLY PAID VS. OPERATING INCOME

We consider the following to be the most important financial performance measures we used to link compensation actually paid to our NEOs to company performance for fiscal year 2025.

FINANCIAL PERFORMANCE MEASURES

Revenue

Operating Income (EBIT)

AROE

PENSION BENEFITS

We maintain the Defined Benefit Plan. The Defined Benefit Plan constitutes an unsecured promise by the Company to make payments to participants upon vesting. Mr. Chopra is currently the only participant in the Defined Benefit Plan.

Under the terms of his participation, Mr. Chopra is entitled to a total benefit of \$14.5 million (as adjusted for certain CPI increases) payable over a multi-year period, which commenced January 1, 2024 with a final payment on April 1, 2030. The initial payment was \$5.25 million and the remaining payments will be in quarterly installments. Mr. Chopra is fully vested in all benefits under the Defined Benefit Plan. In the event of Mr. Chopra's death or disability, he or his dependents shall receive the present value of the remaining retirement benefits payable within 60 days following his death or disability, as applicable. In the event of Mr. Chopra's Separation from Service (as defined in the Defined Benefit Plan) within 24 months following a Change in Control (as defined in the Defined Benefit Plan), Mr. Chopra shall be entitled to (i) the net present value of \$6 million of his retirement benefit payable in a single lump sum within 90 days following his Separation from Service and (ii) the net present value of \$4 million of his retirement benefit payable in the form of a single lump sum 90 days following the first anniversary of his Separation from Service, each subject to Section 409A of the Internal Revenue Code. In the event a Change in Control occurs after his Separation from Service during the payout of Mr. Chopra's benefits, the present value of all remaining payments shall be paid in the form of a single lump sum within 90 days following the Change in Control. In the event of a Change in Control, whether before or after Mr. Chopra's Separation from Service, the net present value of all remaining payments with respect to \$4.5 million of his retirement benefit shall be paid in the form of a single lump sum within 90 days following the Change in Control.

NONQUALIFIED DEFERRED COMPENSATION

We adopted the Deferred Compensation Plan in May 2008, as amended and restated in April 2014. Under the Deferred Compensation Plan, a select group of our management or highly compensated employees (as designated by the Compensation Committee), including certain of our Named Executive Officers, may defer a specified percentage of their salary, bonuses and commissions and thereby defer taxation of these deferred amounts until actual payment of the deferred amounts in future years. The Named Executive Officers may elect to defer up to 80% of their base salary and up to 100% of other types of eligible compensation. The Deferred Compensation Plan also allows us to make discretionary contributions and matching contributions on behalf of eligible participants.

Participating Named Executive Officers receive market-based returns on their deferred compensation amounts based on the performance of a variety of mutual fund-type investment vehicles chosen by them and which are similar to the investment vehicles made available to all employees participating in the Deferred Compensation Plan. Participants may at any time change their investment allocations among the investment vehicles made available under the Deferred Compensation Plan. The rates of return for the various investment vehicles for deferred amounts in the Deferred Compensation Plan in fiscal 2025 ranged from 4.4% to 19.9%.

Distributions to participants may be made in a lump sum (or in installments if elected in accordance with the terms of the Deferred Compensation Plan) upon termination of employment, disability, a specified withdrawal date or death.

The following table sets forth information regarding contributions into the Deferred Compensation Plan made by or for each of the participating Named Executive Officers during the fiscal year ended June 30, 2025:

EMPLOYMENT AGREEMENTS

We have entered into employment agreements with Messrs. Mehra, Edrick, and Sze. Mr. Chopra's employment agreement expired by its terms on January 1, 2024, and Mr. Chopra does not currently have an employment agreement with the Company. Mr. Mansouri's employment agreement expired by its terms on January 1, 2025, and Mr. Mansouri does not currently have an employment agreement with the Company.

Ajay Mehra's, Alan Edrick's and Victor Sze's Employment Agreements

On April 29, 2024, Ajay Mehra, then our Executive Vice President and President OSI Security Division, Alan Edrick, our Executive Vice President and Chief Financial Officer, and Victor Sze, our Executive Vice President and General Counsel entered into Amended and Restated Employment Agreements. Mr. Mehra's agreement was amended effective January 1, 2025 in connection with his appointment as Chief Executive Officer. For purposes of this section, Messrs. Mehra, Edrick and Sze are each individually referred to as the "Executive." Other than differences described herein, the terms of such agreements are substantially identical to each other. Unless the agreement is terminated earlier in accordance with its terms, the agreement has a one year term that shall automatically be extended for successive one year periods, unless either party delivers notice of non-renewal to the other party at least 30 days prior to the end of the initial term or any renewal period then in effect. The agreements provide for an initial annual base salary of \$750,000 for Mr. Mehra, \$519,120 for Mr. Edrick and \$448,050 for Mr. Sze. The Executive is also eligible to receive bonus payments from the bonus pool established by us for our officers and employees and to participate in incentive compensation and other employee benefit plans established by us. The agreement contains certain restrictive covenants and other prohibitions that protect our proprietary and confidential information following termination and preclude the Executive during the term of the agreement and for 18 months thereafter from soliciting for hire any individual that was an executive, supervisor or manager of the Company on, or within 90 days prior to, the Executive's last date of employment with us. Each Executive's

EXECUTIVE COMPENSATION

agreement also contains a clawback provision whereby the Executive's incentive or performance-based compensation shall be subject to reduction or repayment by reason of a correction or restatement of our financial information if and to the extent such reduction or repayment is required by any applicable law.

Under the terms of the agreement, the Company may terminate the Executive's employment at any time for "cause" (as defined in the agreement), or for the following additional reasons: (i) in the event of the Executive's death; (ii) because of physical or mental incapacity or disability, failure to perform the essential functions of his position for an aggregate period of 180 days within any 12 month period; or (iii) without cause on 30 days written notice, each as further detailed in the agreement. The Executive may also terminate his employment agreement for "good reason" (as defined in the agreement) or at any time on 30 days written notice.

In the event of the termination of the Executive's employment by the Company without cause, the Company's non-renewal of the Executive's employment agreement or the termination of such employment by the Executive for good reason, the Executive shall be entitled to: (i) an amount equal to 24 months' salary at the Executive's then-current base salary plus an amount equal to two times the average of the highest three annual bonuses paid by us to the Executive in the five years preceding such termination; (ii) continuation of the Executive's car usage or allowance payments for a period of six months after separation from service; (iii) an allowance of \$6,000 for outplacement services; and (iv) acceleration of vesting of all stock options, equity grants and other incentive compensation awards (excluding any cash bonus attributable to performance in fiscal years that are not complete as of the Executive's last date of employment) from us to Executive as follows: (a) grants vesting over time shall be fully vested on separation from service, (b) grants vesting based on performance shall be accelerated and fully vested at target performance levels on separation from service without regard to whether the performance targets are projected to be met for such performance period, and (c) the time to exercise nonqualified stock options shall be extended such that Executive's right to exercise such stock options shall continue until the first anniversary of the Executive's last date of employment, but in no event later than the expiration date of the options.

In the event of the termination of the Executive's employment by the Company without cause or by the Executive for good reason, within 90 days prior to or 12 months after a "change in control" (as defined in the agreement), then the Executive shall be entitled to either (i) the severance payment described in the applicable paragraph above except that incentive compensation awards shall, to the extent unvested, immediately vest at maximum performance levels or (ii) an alternative amount calculated in accordance with Internal Revenue Code Section 280G.

POTENTIAL PAYMENT UPON TERMINATION OF EMPLOYMENT OR CHANGE IN CONTROL

The following tables reflect the breakdown of potential payments and benefits upon termination or a change in control required under the Named Executive Officers' current employment arrangements. The tables therefore assume that the terms of employment to which each Named Executive Officer is currently subject had been in effect on June 30, 2025, and that employment terminated on such date. The tables also assume that the price of our Common Stock, on which certain calculations in the following tables are made, was the closing price of our Common Stock on June 30, 2025, the last business day of the fiscal year (\$224.86).

Please also note that regardless of the manner in which a Named Executive Officer's employment terminates, the officer is entitled to receive amounts earned during the term of employment. These amounts, which are not included in the following tables, include: (i) regular salary accrued as of the final date of employment; (ii) bonuses accrued as of the final date of employment; (iii) vacation and paid time off accrued as of the final date of employment; (iv) business expense reimbursements not yet paid as of the final date of employment; and (v) amounts contributed under our qualified and nonqualified deferred compensation plans.

All disclosed amounts in the following tables are estimates only and do not necessarily reflect the actual amounts that would be paid to the Named Executive Officers, which amounts would only be known at the time that they become eligible for such payments.

Subject to the foregoing, upon a change in control, Mr. Chopra, Mr. Mansouri, and Mr. Morben would be entitled to the accelerated vesting of their stock awards valued at \$45,059,920, \$2,457,045, and \$3,374,474, respectively. In addition, upon a termination of employment, Mr. Chopra would become entitled to certain payments under the Defined Benefit Plan in accordance with the terms of such plan. Additional information about this plan is summarized above under the heading "Pension Benefits."

Also subject to the foregoing, the following table reflects the breakdown of potential payments and benefits upon termination or a change in control required under the respective employment agreements of Messrs. Mehra, Edrick and Sze.

- (1) Under the terms of their employment agreements, in lieu of the total compensation to which the Named Executive Officer would be entitled in the event that he terminates his employment for good reason or the Company terminates his employment without cause following a change in control, the Named Executive Officer may instead elect to receive an alternate payment amount based on a calculation method described in his employment agreement.
