## OSI Systems Launches High Performance Fetal Monitor

HAWTHORNE, Calif.--(BUSINESS WIRE)-- [OSI Systems, Inc.](http://www.osi-systems.com) (NASDAQ:OSIS), a vertically-integrated provider of specialized electronic products for critical applications in the Security and Healthcare industries, today announced the introduction of the Sonicaid Encore, a high performance fetal and maternal monitor that uses advanced technology for patient monitoring in labor and delivery. Encore enables clinicians to quickly and easily locate and track the fetal heartbeat, minimizing the need for direct fetal ECG monitoring.

Deepak Chopra, OSI Systems CEO, stated, "We continue to leverage our versatile patient monitoring sales and distribution network by launching Encore, an advanced fetal monitoring solution. Encore follows our other new product introductions launched recently in patient monitoring, anesthesia, cardiology, and data connectivity. All of our new product platforms provide hospitals with integrated solutions utilizing the latest technology to help deliver improved patient care."
