## **OSI Systems Chief Executive Officer Joins US Presidential Visit to India**

HAWTHORNE, Calif.--(BUSINESS WIRE)-- OSI Systems, Inc. (NASDAQ: OSIS), a vertically-integrated provider of specialized electronic products for critical applications in the Security and Healthcare industries, today announced that Deepak Chopra, Chairman and CEO, was selected to accompany US President, Barack Obama, to Mumbai and attended the US India Business Entrepreneurship meeting, which was held by the US India Business Council (US IBC). The goal of the meeting was to promote further trade between US and India.

Deepak Chopra, OSI Systems President and Chief Executive Officer, stated, "I am honored to be selected to play a role in this very important cause. Currently the trade between US and India is only one tenth of the amount of trade between US and China. There is substantial opportunity to improve the trade relations with India for mutual economic gain."

The US India Business Council is a business advocacy organization representing America's top companies investing in India, joined by global Indian companies, with an aim to deepen trade and strengthen commercial ties.

### **About OSI Systems, Inc.**

OSI Systems, Inc. is a vertically integrated designer and manufacturer of specialized electronic systems and components for critical applications in the homeland security, healthcare, defense and aerospace industries.
