HAWTHORNE, Calif.--(BUSINESS WIRE)--April 24, 2012--OSI Systems, Inc. (NASDAQ: OSIS), a vertically integrated provider of solutions in Security, Healthcare, and specialized electronics, today announced financial results for the third quarter ended March 31, 2012.

Deepak Chopra, OSI Systems' Chairman and CEO, stated, "We are very pleased to report that our third quarter was a remarkable and transformative quarter. First, we achieved both record revenue and profitability as each of our divisions delivered strong results. Second, our Security division won a six-year turnkey screening services agreement with Servicio de Administración Tributaria (SAT), Mexico's tax and customs authority, valued at approximately \$900 million. And third, our Rapiscan RTT<sup>®</sup> (Real Time Tomography) ultra-high speed, checked baggage screening system has been certified by the European Civil Aviation Conference (ECAC) by passing its Standard 3 threat detection as the industry's fastest baggage screening system."

The Company reported revenues of \$208 million for the third quarter of fiscal 2012, an increase of 19% as compared to the same period a year ago. Net income for the third quarter of fiscal 2012 was \$12.6 million, or \$0.62 per diluted share, compared to net income of \$8.8 million, or \$0.45 per diluted share, for the third quarter of fiscal 2011.

For the nine months ended March 31, 2012, the Company reported revenues of \$558 million, an increase of 18% as compared to the same period a year ago. Net income for the nine months ended March 31, 2012 was \$29.6 million, or \$1.46 per diluted share, compared to net income of \$21.4 million, or \$1.10 per diluted share, for the nine months ended March 31, 2011.

Excluding the impact of restructuring and other charges, net income for the third quarter of fiscal 2012 would have been \$13.2 million, or \$0.65 per diluted share, compared to net income of \$9.4 million, or \$0.48 per diluted share, for the third quarter of fiscal 2011 and net income for the nine months ended March 31, 2012 would have been \$30.3 million, or \$1.50 per diluted share, compared to net income of \$22.8 million, or \$1.18 per diluted share, for the nine months ended March 31, 2011. These non-GAAP figures are provided to allow for the comparison of underlying earnings, net of restructuring and other charges, thus providing additional insight into the on-going operations of the Company.

As of March 31, 2012, the Company's backlog was approximately \$1.1 billion compared to \$0.3 billion as of June 30, 2011, an increase of 263%. Excluding the SAT agreement, the backlog is approximately \$0.4 billion.

During the nine months ended March 31, 2012, the Company generated cash flow from operations of \$86 million.

Mr. Chopra continued, "During the third quarter our Security division continued to see excellent growth as revenues increased 27% to a record \$112 million and the SAT agreement drove the division's backlog to over \$1 billion. Our record backlog, the European certification of our Rapiscan RTT<sup>®</sup> ultra-high speed, checked baggage screening system and a robust opportunity pipeline, provide a tremendous outlook for our Security division."

---

Mr. Chopra added, "Our Healthcare division generated record third quarter profits as operating income increased 175% on revenue growth of 10% highlighting the substantial leverage of this business. We continued to see an improved U.S. market, our most profitable region, which positions us well for continued top line growth and margin expansion."

## **Fiscal Year 2012 Outlook**

Subject to the risk factors detailed in the Safe Harbor section of this press release, the Company is raising its annual revenue guidance from \$750 million - \$770 million to between \$765 million - \$780 million. In addition, the Company is raising its fiscal 2012 earnings guidance and expects earnings per diluted share to increase at a rate of 27% - 32% to between \$2.33 to \$2.43, excluding the impact of restructuring and other non-recurring charges. In addition, the impact of the agreement with SAT is not considered in the Company's guidance pending further clarity on expected timing.
