OSI Systems Introduces AriaTele™ Telemetry Transmitter

HAWTHORNE, Calif.--(BUSINESS WIRE)-- [OSI Systems, Inc.](http://www.osi-systems.com) (NASDAQ: OSIS), a vertically-integrated provider of specialized electronic products for critical applications in the Security and Healthcare industries, today announced that its Healthcare division, Spacelabs Healthcare, received clearance under Section 510(k) from the U.S. Food and Drug Administration to market the AriaTele™ telemetry transmitter. In contrast to traditional telemetry transmitters, AriaTele has a unique onboard display screen that presents vital patient information to the care giver to confirm patient status and good signal quality. As with other recently introduced products, AriaTele is fully compatible with the existing Spacelabs patient monitoring and telemetry receiver solutions.

"As the inventor of medical telemetry, we continue our long standing tradition of delivering innovative telemetry solutions. AriaTele utilizes the latest technology to improve performance, product life, compatibility, extended-wear comfort for the patient, and workflow for the healthcare provider," said Deepak Chopra, OSI Systems CEO.

About OSI Systems, Inc.

OSI Systems, Inc. is a vertically integrated designer and manufacturer of specialized electronic systems and components for critical applications in the homeland security, healthcare, defense and aerospace industries. We combine more than 30 years of electronics engineering and manufacturing experience with offices and production facilities in more than a dozen countries to implement a strategy of expansion into selective end product markets.
