OSI Systems Launches the élance™ 7 Patient Monitor with Cardiac Analysis

HAWTHORNE, Calif.--(BUSINESS WIRE)-- [OSI Systems, Inc.](http://www.osi-systems.com) (NASDAQ:OSIS), a vertically-integrated provider of specialized electronic products for critical applications in the Security and Healthcare industries, today announced that its Healthcare division, Spacelabs, launched the élance 7 patient monitor, featuring a 12.1" high-resolution widescreen which displays up to six waveforms.

Along with the élance 7, Spacelabs also introduced Cardiac Analysis, a new enhanced cardiac monitoring package, adding ST segment analysis and a smart function of enhanced arrhythmia analysis to the élance product family.

Deepak Chopra, President and CEO of OSI Systems, stated, "We are excited about the introduction of the élance 7 and the addition of enhanced Cardiac Analysis features to better serve the needs of critical care patients. We strive to develop solutions that can be utilized efficiently in healthcare facilities of various sizes around the world."
